

# HomeSeer Products

## Browse by product types

### Hubs

Here you will find information regarding our current lineup of HomeTrollers, The Pi, Plus, and Pro Hubs. [Purchase HomeTroller](#)

### HomeSeer Mobile

Explore this KB for information on using our mobile app, available on Android and iOS.

### MyHS

Articles pertaining to our cloud service MyHS. Here you will find information on premium subscriptions, managing your account, and using MyHS.

### Cloud Services

Articles pertaining to our additional cloud services. These cloud services require a MyHS account. For more information on MyHS, see the MyHS section of our docs.

### Interfaces

These articles contain information on different interfaces that work with HS. Examples, Z-Wave, ZigBee, I/O devices, and network based interfaces.

### Lighting

Articles located here for HomeSeer's best in the market Z-Wave switches, dimmers, and fan controller. [Purchase Lighting Products](#)

### Sensors

Located here are articles about our various environmental sensors. [Purchase Sensors](#)

### HSTouch Designer

Documentation on using the HSTouch Designer and client.

### Other Products

Articles located here consist of other products such as, but not limited to, water valves, Z-Flash, and Z-Seer.

### SmartThings

Articles on how to add HomeSeer products to SmartThings using device handlers. These device handlers are required to unlock features that are not natively supported by SmartThings.
