## Policy

HomeSeer issues a return label for defective products and returns through the portal. Please do not send your product back without obtaining an RMA.

Returns not meeting the below conditions will be charged a restocking fee that can vary from 15% up to the full purchase price, depending on the condition of the returned item. Credit card purchases will be refunded to the original purchaser's card. Please allow two weeks for processing.

- Any product returned through the portal for a refund that is not defective, will be subject to the return label charges (Domestic only).
- Wall switches and dimmers (WD###/WS###) with broken off tabs cannot be returned for a refund but may be returned for an exchange due to an eligible product defect.
- All returned items are tested and evaluated for refurbished or open-box resale. Products received in retail packaging and not a brown box/mailed box are subject to restocking fees.
- Items that incur damage due to improper packaging are subject to restocking fees or will be rejected altogether. Pack your product well in a sturdy box and consult with your shipping courier to ensure the package is safe for transit.
- HomeSeer ships international returns as returned goods. HomeSeer is not responsible for any taxes or fees through customs or otherwise.
- If the product is returned to HomeSeer for non-delivery for any reason you will be responsible to pay for additional shipping charges for the reshipment of your order. You may also request a refund for your order less the original shipping charges
